

Subject :Explanation of Source of Income and Purpose of Unhold my account

Respected Sir/Madam,

I would like to respectfully inform you that my father runs a local raw materials business in our area. In addition, my elder brother is currently pursuing higher studies in Russia. During his university off-time, he also engages in part-time work to support his personal expenses and contribute financially to our family.

Alongside this, I am also engaged in private tutoring and conducting classes at a coaching centre, through which I earn a modest income.

For my educational and other related expenses, my father and elder brother provide me with financial support on a regular basis. Moreover, I also save a portion of my tuition income to manage my future university tuition fees and other academic expenses.

Therefore, for the purpose of securely managing and saving these funds, I wish to open a bank account with your esteemed bank.

I shall be highly obliged for your kind consideration and cooperation.

Thank you.

Yours faithfully,
Isme Ajifa
